

## Looking Back and Ahead

Hello community partners, patients, and friends!  
Here's our second quarterly newsletter of 2021.  
Read through and click on the links to learn more.

**The Pharmacy and Sick Clinic are Now Open!**

In May, construction wrapped up on our Pharmacy and Sick Clinic spaces. We are excited to be able to expand our services to our patients with these new offices!

### 20th ANNIVERSARY VIDEO

### PROVIDERS

Earlier this quarter, we welcomed 2 new providers to our team!

In April, Megan Smith, Pharm.D., started as our new Pharmacist and Pharmacy Manager. Megan has become an asset to our provider team, and has done a great job with the transition into the new Pharmacy.

In June, Steve Sinclair, DC, FNP-C, joined as a Family Nurse Practitioner. Steve sees patients at the Greensboro Office and the Sick Clinic.

We are so excited to have both Megan and Steve here at Oconee Valley Healthcare!

### EMPLOYEE OF QUARTER 2

### ADVOCACY EFFORTS

National Health Center Week is August 8th–14th this year. In case you didn't know, National Health Center Week (NH CW) is a celebration of health centers

Join us in congratulating Jennifer Dixon as our Employee of Quarter 2! Jennifer works hard as one of our Family Nurse Practitioners at the Greensboro Office and Sick Clinic. As Employee of Q2, Susy will be eligible to be chosen as Employee of the Year.

"Jennifer cares for others so unbelievably well - patients, coworkers, and complete strangers alike. I've watched her spend countless hours over the last 6 months going above and beyond to ensure that every single one of her patients receives the absolute best care. She has spent lunch breaks listening to and caring for tearful, exhausted patients who come to her with far more than just a runny nose and cough. I have lost count of the number of times she has laid her hands over a patient as a friend and prayed over every single one of their physical, mental, and emotional needs. She has personally purchased patient's medications when they could not do so themselves, without ever thinking twice about it because that's how much she personally cares about their wellbeing. And I can't even begin to tell you how

across the country. The week is meant to bring light to the great work that Federally Qualified Health Centers do in local communities. We have a lot of fun plans for our community and staff. We can't wait to celebrate!

Be on the lookout for a special National Health Center Week edition of the Community Newsletter in August!

## COMMUNITY OUTREACH

On May 18, we took part in the Third Annual Spring Fashion Show benefitting First Call Pregnancy Center. Oconee Valley Healthcare was honored to be in attendance of this fundraiser. We are so excited to have outreach events starting up, and look forward to being out in the community again!

many patients have left the Sick Clinic tearfully appreciative to Jennifer for being what they feel like was the first medical provider that's ever truly cared for and about them. Jennifer makes every person feel seen, heard, loved, and cared about. She is so passionate about the work she does here and the patients she cares for and that is overwhelmingly evident in the genuine joy and excitement she comes to work with every single day. She embodies everything that OVH stands for and everything that a medical provider should be. Jennifer is the absolute best and we are SO lucky to have her!!!"

Thank you for all of your hard work and dedication to OVH. Congratulations, Jennifer!

**Join our team!**

**Thank you for letting us share our mission with you.**
