H.O.W. are We Reaching the Community? Healthcare on Wheels!

Oconee Valley Healthcare has partnered with the Putnam County Charter School System and their nursing team to provide a new healthcare option for students and staff. Our new Mobile Unit rotates to all four schools on the following weekly schedule:

Monday: Primary School

Wednesday: Middle School
Thursday: High School

Our Physician Assistant, Dan Cadwallader, works alongside the school nursing staff to offer services such as, wellness exams, sick visits, prescription maintenance, chronic condition management, and sports physicals. We are so excited for this partnership and the opportunity to provide accessible and affordable healthcare to more members of the community!

EMPLOYEE OF QUARTER 1

ADVOCACY

Oconee Valley Healthcare is working diligently to become a Gold Level ACE! We are so thankful to have a team that is willing to advocate for Community Health Centers and what all they do for their communities!

Join us in congratulating Amanda Hattaway as our Employee of Quarter 1! Amanda works hard as one of our Desk Medical Assistants at our Greensboro Office.

"Amanda displays so much professionalism and quickness for her tasks. She is our go to person for questions and things that may be a bit out of the normal knowledge base. She teaches others by patiently showing them things on the computer or ways to save time. She seems to know Athena inside and out and is NEVER unwilling to help, shares time savers and just in general a really nice person with quick wit and patience. She is not only our desk MA she is also a person who has great phlebotomy skills and many of our patients know her by name because she has helped them. She returns calls and Athena texts quickly. I enjoy being one of her coworkers."

Thank you for all of your hard work and dedication to OVH. Congratulations, Amanda!
