

Back Up and Running!

Hello community partners, patients, and friends!
Here's our second quarterly newsletter of 2023.
Read through and click on the links to learn more.

Downtown Greensboro Office Reopened

After flooding over the Christmas Holidays forced our Downtown Greensboro Medical and Dental offices to temporarily shut down, we are excited to announce that they are back to operating normally. We are thrilled to welcome patients back and are looking forward to serving you and your family! If you would like to schedule an appointment for either medical or dental, please call 706-453-1201.

EMPLOYEE OF QUARTER 2

Join us in congratulating Clara Eguia as our Employee of Quarter 2! Clara works hard one of our wonderful Desk Medical Assistants at our Lake Oconee Office.

"During my time working at the Lake office, I got to see how their office runs on a daily basis. During that time I saw how much dedication Clara puts into her assignments. She works hard for her patients, and puts in a lot of effort to complete what she works on. She also pays attention to what is going on around her as well. There have been times that a patient needs assistance up front, and she will offer to help get something done when she sees that the Pars might not know how to do something. She will explain the process so that we can learn for future reference as well. There were times I witnessed she would go all the way to help a patient even when it is not her office. She will still finish the patient case and make sure it gets to the right person to get completed if she cannot do it herself. I believe Clara should be Employee of the Quarter because her work ethics and standards are what Oconee Valley stands for, and she is a wonderful leader as desk MA. I seen her handle situations very diligently, and professionally, even when it gets complicated. She is very professional with patients, and explains things to where the patient can understand and feels confident that they are being well taken care of. She is also a very encouraging coworker. She made me feel welcomed when we were temporarily assigned to work in the office, and has helped me adapt and understand things that I was unaware of. This is my main example as to why she should be employee of the quarter because her interactions with not only patients, but her coworkers makes me feel comfortable and confident that her assignments get processed in a timely manner."

Thank you for all of your hard work and dedication to OVH.
Congratulations, Clara!
